

# CRISIS SERVICES

**C** = Your neighborhood resource for  
**CARE. COMMUNITY. CONNECTION.**  
**CONVERSATION.**

AllHealth Network is a not-for-profit, private organization that has been providing mental health and substance abuse counseling since 1955 offering a full array of clinical services available to all ages. Our licensed staff provide psychiatric evaluations to help guide clinical decisions around whether or not an inpatient stay may be needed on a psychiatric unit, at our Acute Treatment Unit, a Crisis Stabilization Unit or a respite facility.

## CALL OUR CRISIS HOTLINE

Our helpful Phone Intake Counselors are available at all hours of the day for a crisis or to receive referrals from the community, area hospitals or from our crisis hotline.

**AllHealth's Crisis Hotline: (303) 730-3303**

year

### Visit our Walk-in Center

Our Walk-in Center (WIC) is open 24 hours a day, 7 days a week. Our licensed clinicians offer confidential, in-person support, information and referrals to anyone in need. We see children, adolescents, young adults, families and adults. We can safely de-escalate and provide clinical support for a mental health or substance use crisis.

### Crisis Stabilization Unit (CSU)

The Crisis Stabilization Unit (CSU) is a residential, unlocked facility with clinical care for clients struggling to manage their psychiatric conditions and who are not at high risk of harm. Crisis beds are available for up to a 5-day stay. AllHealth Network's CSU is available for adults (age 18 and older) who need more intensive crisis-related services than outpatient. We can also arrange placement at a partner CSU for individuals under age 18.

### Bridge House Acute Treatment Unit (ATU)

Our Acute Treatment Unit (ATU) is a 16-bed treatment facility for adults in need of an inpatient stay due to a psychiatric or mental health crisis. It is a safe place for individuals who are experiencing suicidal risk or an inability to function due to a psychiatric emergency. The clinical and nursing team use an evidence-based approach called Illness Management and Recovery to help clients develop strategies for coping with mental illness and moving forward with their life.

### Local Law Enforcement Support

AllHealth Network is proud to partner with local law enforcement to provide Crisis Intervention Team (CIT) services. We have mental health clinicians who ride along (co-respond) with area police departments to help during a crisis. If you or a loved one has a mental health emergency, ask if a CIT-trained officer is available when you call 911.

*Your Path Forward*

## C Who We Are

AllHealth Network has over 150 clinical providers and more than 25 psychiatrists and nurse practitioners. We have providers located in area schools, jails, detention centers, and at our 9 physical locations in Littleton, the DTC, Castle Rock and Parker.
